

Gastroenterology Service – First Outpatient Appointment

Introduction

The Covid pandemic has had a significant impact on the NHS ability to provide routine elective services. We recognise that patients are waiting longer than we would all like and it is not always possible to identify when treatment will take place.

Waiting Times

As a guide, referral to treatment waiting times are available on the NHS [My Planned Care Website](#).

Guidance for Patients

Gastroenterology is a branch of medicine that focuses on the digestive system.

We have a number of services within Gastroenterology including Endoscopy, Dietetics, Liver Services, Inflammatory Bowel Disease Service and Alcohol Liaison. We also do an extensive amount of research.

What should I do if my health is deteriorating?

The referral from your GP will have been reviewed and triaged by the team to grade your clinical priority based on the information in the referral.

If you are concerned that your condition or symptoms are deteriorating since you were referred to us, please contact the department. You will be asked the detail the changes in your condition/symptoms since seeing your GP at the time you were referred, and this will be passed to the clinical team will re-assess your priority.

In the case of needing emergency care or urgent review, please contact 111 or your own GP.
